Tournament Format

4 Team Pools (2 Day Event):

The desired format for each division is four (4) team pools on Saturday followed by bracket play on Sunday. The results of pool play will determine where the teams will play on Sunday. In the desired format, 1st and 2nd place from pool play will go to Gold Bracket, 3rd place to Silver Bracket and 4th place to Bronze Bracket.

As mentioned, this is the desired format. However, this is subject to change and also is subject to the amount teams in the given division. Uneven numbers may require us to have the following:

- A pool of 3 that is playing automatic 3 Sets on Saturday.
- Two or three, three team pools, that will play normal best of 3 and then crossover between the pools to determine seeding for the bracket
- Bronze brackets that are actually 3 team pools for Sunday.
- Additional Crossovers Needed

Please check with the tournament staff if you have any questions while looking at your schedule.
